DATE OF INFO

THIS IS UNEVALUATED INFORMATION

1. Zilina Civilian Airfield was located three kilometers southeast of Zilina, one kilometer south of a railroad Annex A, Pt. 5, 300 m. south of the Vah River Annex A, Pt. 5, 300 m. south of a highway Annex A, Pt. 4, and 200 m. east of a highway Annex A, Pt. 1.
2. The irregularly shaped Airfield was 900 m. from north to south and 400 m. from east to west. The level, grass surface had natural drainage and was 365 m. above sea level. There were two grass runways: one was 900 m. from north to south and the other was 400 m. from east to west.
3. The only obstructions to landing on this field were rolling hills located six kilometers west of the field, 15 m. high trees 100 m. south of the field, and chimneys of various heights, 300 m. north of the Airfield.
4. One stuccoed brick hangar (description, dimensions, and utilization unknown to me) was located at the south portion of the field.
5. A railroad depot at Zilina, and two highways Annex A, Pt. 1 and 4 provided access to the Airfield. This field was administered by the Doslet Club.
